**Cover letter for Business Owners & Citizens petition.**

**Summary enclosed.**

**A note from the people.**

To take choice away for one medicine sets a precedent. We bring your attention to the following key particulars:

- What if next time we don't agree but our choice is gone.
- Governments are not static, who will wield this power in 5 years/ 10 years, over us all?
- No true leader would offer a one size fits all solution and force it upon everyone.
- Every councillor here, every business owner here, had they been tasked with the Covid dilemma, would have done better than that for their people.
- This is not about vaccines, if people want a vaccine, they should get one.
- Mandates, however, will destroy small business, jobs, families, and community cohesion.
