

Rockhampton Regional Cemeteries

Rockhampton Memorial Gardens – Baby Memorial

A special place has been created within the grounds of the Rockhampton Memorial Gardens to honour and remember our babies lost before 20 weeks of pregnancy. This is a community facility open to all parents and their family and friends at any time.

Several times a year services are held by the Rockhampton Hospital Chaplains. They invite anyone who has been touched by the loss of a baby through miscarriage, stillbirth or in any way and at any time to attend a Service of Remembrance to rejoice in your baby's life, grieve, remember and formally say goodbye.

For more information about these services and when they will be held, please call any of the following numbers:
