In accordance with section 85(1)(a)(ii) of the *Planning Act 2016*, the development approval lapses if the first change of use does not happen within six (6) years after the approval starts to have effect, if not stated otherwise in the conditions of approval attached.

7. STATEMENT OF REASONS

Description of the development	
Material Change of Use for a Dwelling House	
Reasons for Decision	
<p>a) The proposed development is compatible with nearby places and the identified character value of the area; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>	
Assessment Benchmarks	
<p>The development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> Local Government Infrastructure Plan; and Character Overlay Code. 	
Compliance with assessment benchmarks	
The development was assessed against the assessment benchmarks listed above and complies with all of these with the exceptions listed below.	
Assessment Benchmark	Reasons for the approval despite non-compliance with benchmark
Character Overlay	PO4

Code	<p>The proposed development does not comply with Acceptable Outcome (AO) 4.1 as part of the fence along the Agnes Street frontage has a maximum height of two (2) metres, rather than 1.2 metres or 1.8 metres with a minimum 50 percent transparency.</p> <p>The proposed height of the fence progressively increases as it extends east to west along the Agnes Street road boundary, given the slope of the land. There are no examples of fences of the same height in the immediate area of Agnes Street. Despite this:</p> <ul style="list-style-type: none"> • The dwelling, which is deemed to be consistent the character of the surrounding area, will still be the predominant feature of the site due to its elevation behind the fence; • The existing unit building on the northern side of the site, currently presenting to Agnes Street, is brick and contains no features characteristics of the area and therefore the proposal is an improvement on the existing scenario; and • The Agnes Street verge is approximately seven (7) metres wide, which assists in reducing the perceived height of the fence when viewed from the road. <p>Therefore, the proposed development is taken to comply with overall outcomes (2)(b), (c) and (d) of the Character Overlay Code.</p> <p>PO5</p> <p>The proposed development does not comply with Acceptable Outcome (AO) 5.2 because not all windows are timber framed or have the appearance of being timber.</p> <p>Despite this, the window frames are deemed to be relatively minor features of the new build, which strongly exhibits built form features characteristics of the area. Specifically, timber and feature stone cladding, corrugated roof sheeting, window hoods and gable roofs. These proposed built form features contribute to a lightweight appearance and assisting in reducing bulk and form.</p> <p>Therefore, the proposed development is taken to comply with Performance Outcome (PO) 5.</p> <p>PO8</p> <p>The proposed development does not comply with Acceptable Outcomes (AO) 8.1.1 and 8.1.2 because the proposed carport fronting Little Glencoe Street is not located behind or in line with the Dwelling House and is not detached from the main building and exceeds a width of 3.6 metres.</p> <p>Despite this, the carport maintains a consistent roof pitch to the dwelling house, incorporates the same building materials as the Dwelling House and is not visually prominent owing to the site being a corner lot (the Dwelling House is visible from Agnes Street).</p> <p>Therefore, the proposed development is taken to comply with Performance Outcome (PO) 8.</p>
Relevant Matters	
Not applicable to an assessable development application subject to code assessment.	
Matters prescribed by regulation	
<ul style="list-style-type: none"> • The Rockhampton Region Planning Scheme 2015 (version 4.4); • Relevant development approvals for, and any lawful use of, the premises or adjacent premises; and • The common material, being the material submitted with the application.
