#### 8. STATEMENT OF REASONS

<b>Description of the development</b>
'Other Change' to Material Change of Use for a Staged Retirement Facility (57 Dwellings)
<b>Reasons for Decision</b>
<p>a) Assessment of the development against the relevant zone purpose, planning scheme codes and planning scheme policies demonstrates that the proposed development will not cause significant adverse impacts on the surrounding natural environment, built environment and infrastructure, community facilities, or local character and amenity; and</p> <p>b) On balance, the application should be approved because the circumstances favour Council exercising its discretion to approve the application even though the development does not comply with an aspect of the assessment benchmarks.</p>
<b>Assessment Benchmarks</b>
<p>The development was assessed against the following assessment benchmarks:</p> <ul style="list-style-type: none"> <li>• Local Government Infrastructure Plan;</li> <li>• Strategic Framework;</li> <li>• Low Density Residential Zone Code;</li> <li>• Flood Hazard Overlay Code;</li> <li>• Access, Parking and Transport Code;</li> <li>• Landscape Code;</li> <li>• Stormwater Management Code;</li> </ul>

<ul style="list-style-type: none"> <li>• Waste Management Code; and</li> <li>• Water and Sewer Code.</li> </ul>	
<p><b>Compliance with assessment benchmarks</b></p>	
<p>The development was assessed against all of the assessment benchmarks listed above and complies with all of these with the exceptions listed below.</p>	
<p><b>Assessment Benchmark</b></p>	<p><b>Reasons for the approval despite non-compliance with benchmark</b></p>
<p><b>Low Density Residential Zone Code</b></p>	<p><b>Performance Outcome (PO) 18</b></p> <p>The proposed development does not comply with AO18.1 because the Retirement Facility is not located within close proximity (200 metres) to a park, centre zone or major community facility.</p> <p>Despite this, the subject site is considered highly accessible and provides convenience for the following reasons:</p> <p>The development is located approximately 600 metres (walking distance) from the Neighbourhood Centre Zone on Berserker Street and Elphinstone Street directly west of the subject site; and</p> <p>Is located approximately 600 metres (walking distance) from Rigarlsford Park south-east of the subject site along Elphinstone Street, which is suitable for general sport and recreation activities; and</p> <p>A bus stop is located directly fronting the subject site along Dean Street which will provide residents with easily accessible public transport.</p> <p>Furthermore, Dean Street is categorised as an Urban Sub Arterial Road and has sufficient capacity to cater for the vehicle movements associated with the development.</p> <p>To the extent any conflicts are identified the proposed development is considered to comply with the following higher order provisions of the Planning Scheme:</p> <p>6.2.1.2 (2)(c) (Overall Outcomes Low Density Residential Zone) – The proposed development maintains a low-rise setting.</p> <p>3.3.8.1 (5)(f) (Strategic Framework, Settlement Pattern, Element – Urban and New Urban) – The proposed development assists in providing housing choice and lifestyle options.</p> <p>Therefore, the development is taken to comply with PO18.</p>
<p><b>Matters raised in submissions</b></p>	
<p>The proposal was the subject of public notification between 3 June 2024 and 28 June 2024, in accordance with the requirements of the Planning Act 2016 and the Development Assessment Rules, and two (2) not properly made submissions were received.</p>	
<p>Construction concerns including requesting compensation for residents adjoining the development site for dust damage to private property, noise and tradespeople within the immediate area.</p>	<p>The submitters raised concerns with the length of construction time it may take to develop the site regarding dust impacts and noise to the surrounding properties and the possibility of receiving compensation.</p> <p>Compensation is not provided to neighbouring properties for development purposes regarding construction requirements. Operational Works conditions of approval and requirements in the Environmental Protection Act 1994 ensures that all environmental measures can be enforced during construction to protect the amenity of adjoining premises or the surrounding area from emission of light, noise, odour or dust.</p>
<p>Property boundary concerns</p>	<p>The submitter raised concerns with existing fences being damaged during construction.</p>

	All boundary fences proposed will be constructed 100 millimetres from each boundary, abutted up against existing fences. If access to any adjoining private property is required, this matter is dealt with directly by the developer and with the property owner.
Bin Pad Placement	<p>The submitter raised concerns with the location of a Bin Pad in the south-west corner of the subject site and its proximity to the adjoining properties outdoor entertainment area.</p> <p>The location of the Bin Pad is approximately 25 metres away from the adjoining property boundary to the south. This is more than the minimum two (2) metre requirement as stipulated in the Waste Management Code under the <i>Rockhampton Region Planning Scheme (2015)</i>.</p>
<b>Matters prescribed by regulation</b>	
<ul style="list-style-type: none"> <li>• The Rockhampton Region Planning Scheme 2015 (version 4.4).</li> <li>• Central Queensland Regional Plan 2013; and</li> <li>• The common material, being the material submitted with the application.</li> </ul>
