SUMMARY

Submission of the quarterly risk register updates, as at 21 July 2023, for adoption by Council.

OFFICER'S RECOMMENDATION

THAT Council adopts the quarterly risk register updates as at 21 July 2023, as attached to the report.

LEGISLATIVE CONTEXT

The *Local Government Regulation 2012, Chapter 5, s164*, requires (1) a local government must keep a written record stating (a) the risks the local government's operations are exposed to...; and (b) the control measures adopted to manage the risks.

CORPORATE/OPERATIONAL PLAN

The Corporate/Operational Plans document Council's objectives and how they are to be achieved for the period in which the Plan covers.

The 2023-2024 Operational Plan states that Council's commitment to risk management is outlined in the Enterprise Risk Management Framework, and Policy, which is achieved through the implementation of the Enterprise Risk Management Process Procedure.

The purpose for doing risk management is to assist in decision making and improve the chances of an objective being realised. This requires identification, treatment and monitoring of the risks to the organisation, to ensure the stated objectives are met. Therefore, there is a strong link between the Corporate/Operational Plans and the enterprise risk management process. It is not about whether, overall, Council is risk averse or wishes to take risks. It is about considering all the available information at that time and making a well-informed decision to achieve the best outcome.

COMMENTARY

Over the years there has been a growing expectation that Councils do more in the risk management space to effectively manage their risks. Queensland Audit Office has found common risk management issues throughout Councils and recommended to Parliament that Councils should have: comprehensive risk registers that identify risk; and appropriate risk mitigation strategies.

Council's Enterprise Risk Management Framework requires management to review and update the Corporate, and Operational Risk Registers. It also provides guidance on how these registers are reported to Council.

The following table highlights some of the changes made by the risk owners in this period's update, excluding any minor changes (eg: employee's titles, minor wording/correction, etc).

BUDGET IMPLICATIONS

None specifically raised by the Risk Owners at this time.

LEGAL IMPLICATIONS

None specifically raised by the Risk Owners.

STAFFING IMPLICATIONS

None specifically raised by the Risk Owners.

RISK ASSESSMENT

The failure of an organisation to undertake risk management can lead to goals not being met, lawsuits, financial losses, reputational damage, failure to thrive, and lack of transparency, to name but a few examples. By establishing a reliable, controlled process for managing risks, decision making can be enhanced. If properly implemented it can connect risks across various levels in Council, increasing transparency and threat to opportunity conversion, and enabling significant cost savings.

CONCLUSION

The risk registers, having undergone review by the respective managers, are now presented for adoption by Council.

SUMMARY

Chief Executive Officer presenting the Schedule of Council and Committee meetings for the period January to March 2024.

OFFICER'S RECOMMENDATION

THAT the Schedule of Council and Committee meetings for the period January to March 2024 be adopted.

COMMENTARY

A draft three month Schedule of Council and Committee Meetings has been created (see attached). This suggested schedule is somewhat different to the normal schedule due to the quadrennial local government election being held on Saturday 16 March 2024

Pursuant to s90A(1) of the *Local Government Act 2009* a local government will go into caretaker period during an election. This period starts on the day when public notice of holding of the election is given under the Local Government Electoral Act and ends at the conclusion of the election. While dates have not yet been determined, caretaker period will commence in late January or early February, 2024.

Consequently, it is suggested the first Council meeting be Tuesday 23 January 2024 and the final Council meeting of this term of Council be Tuesday 5 March 2024. The new Council will determine the schedule of meetings for the remainder of 2024.
