5 Policy Statement

Council acknowledges and is committed to ensuring that the primary purpose of Council controlled areas is for community use and enjoyment. Council ensures areas are preserved and remain appropriate for the needs of the community in accordance with its Corporate Plan, strategies and legislative/regulatory obligations.

While most general and recreational public uses within areas concur with the purpose of the land and do not need the formal consent of Council (for example, a small gathering within a park for a child's birthday party), some activities are regulated by Council's local laws and require approval or are otherwise restricted or prohibited because of their potential risks and impacts to the operation of the area or road, its users, and/or adjoining properties.

Council recognises that certain third party secondary uses may enhance Council controlled areas and provide a benefit to the community by bringing people together and creating lively spaces. On this basis, Council encourages the hosting of, and attendance at these third party events/activities and, through this policy, aims to ensure application requirements are tailored based on the nature, size, scale, impacts and risks associated with the event/activity, whilst still aligning with the objects of the local laws.

5.1 Guiding Principles

The following principles are relevant to events/activities proposed to be undertaken by third parties:

- (a) Alignment with Council's Strategic Direction Event/activity must align with Council's strategic direction as detailed in Council's Corporate Plan and Sustainability Strategy (Towards 2030);
- (b) **Community Use Prioritised** Impacts on the day-to-day recreational use by residents and visitors is considered and adequately managed with any conflicts resolved prior to approval;
- (c) **Safety Prioritised** Event/activity must not impose an adverse safety risk to residents, visitors, and occupants of the land (for example, Rockhampton Zoo animals);
- (d) Limited Impacts on Community Assets Event/activity must be suitable for the area and not adversely impact on public infrastructure or other community assets. For example, major impact events/activities may be restricted to certain areas and are required to provide detailed management plans;
- (e) Limited Impacts on Residents and Local Businesses Limitations may be imposed on the number and nature of events/activities in key precincts to manage any likely negative impacts on residents, visitors and local businesses. For example, new or additional road closures are restricted/avoided, particularly in high use areas or where alternate routes are not available. Approval for events/activities may also be conditioned to ensure appropriate community notification and consultation is undertaken where Council deems necessary;
- (f) Limited Financial Impacts on Ratepayers Council fees and charges associated with the application/undertaking of the event/activity are borne by the applicant to ensure no direct or inadvertent ratepayer subsidy. A delegated officer may, as a condition of approval, also require applicants to give reasonable security (for example, bond) to ensure any damage caused is made good;
- (g) **Sustainable Environmental Practices** Events/activities must employ sustainable environmental practices including minimum requirements for waste management and other measures to facilitate protection of the environment and liveability of our Region.

5.2 Framework

A framework of administrative and operational documents together with informative guides/tools for applicants support this policy. Whilst those documents provide detailed information for applicants and employees assessing applications, the following outlines the general requirements.

5.2.1 Event/Activity Screening

Effectively a pre-lodgement meeting/self-assessment allowing the applicant to broadly outline the key factors of the proposed event/activity prior to submitting any documentation. The information provided by the applicant is aligned to the criteria in Table 1. The applicant is then made aware of the requirements to proceed and may also be informed at this point of any likely restrictions/limitations (for example, unavailability of desired location). Tentative information of the event/activity may be recorded by Council at this point, however such action does not infer a formal approval.

No advertising or other communications are to be undertaken until a registration confirmation or approval is granted.

Mandatory submission requirements vary depending on impact category determined for each individual event/activity. Requirements imposed for each category align to the relevant local law (where applicable) and Council policies. Examples of some of the required documentation to support medium/major impact events/activities may include:

- (a) Full details of proposed event/activity including provision of site plans;
- (b) Details and specifications of any equipment and/or vehicles proposed to be used during the event/activity;

Requirements are clearly communicated to applicants at the initial screening, the point of application submission and are also available on Council's website.

5.2.3 Assessment Timeframes

Following receipt of a properly made application together with all supporting documentation, applications are assessed within the following timeframes:

- (a) Minor impact 30 working days;
- (b) Medium impact 60 working days; or
- (c) Major impact 120 working days.

Applications received outside of these timeframes may:

- (a) Incur an additional express application fee and delay the approval of the application, or
- (b) Be refused due to insufficient capacity for Council to complete an adequate assessment.

When determining a decision on an application, a delegated officer considers (as a minimum) the following:

- (a) Alignment to the Guiding Principles in paragraph 5.1 of this policy; and
- (b) Compliance and consistency with the purpose of relevant legislation/regulations and policies (for example, events/activities involving the operation of an amusement device must demonstrate compliance with *Amusement Devices Code of Practice 2023*); and
- (c) Conflicts with other approved uses/events/activities within the area; and
- (d) Whether the proposed operation and management of the event/activity is adequate to protect public health, safety and amenity and prevent environmental harm.

Submitting an application does not guarantee approval.

5.2.4 Approval Terms and Conditions

5.2.4.1 Minor Impact Events/Activities

A written notice of approval is not mandatory for minor impact events/activities as these lower-risk events/activities are not governed by, or are exempt from requiring an approval under Council's local laws. Instead, such events/activities may be acknowledged by Council in the form of a registration confirmation for non-exclusive use.

In addition to satisfying Council that the event/activity will be held safely, the registration ensures a record of the event/activity is maintained to acknowledge the applicant's non-exclusive use. As part of the registration confirmation, Council officers communicate clear expectations regarding holding a safe event/activity ensuring all risks are adequately controlled and managed by the applicant. Other general requirements and information (for example, site specific restrictions) are advised through the registration confirmation. Should the registered event/activity need to be rescheduled, for example due to weather, applicants may contact Council to arrange.

5.2.4.2 Medium and Major Impact Events/Activities

Medium and major impact events/activities are regulated by Council local laws as either a regulated activity or temporary entertainment event and require conditional approval under Council local laws.

Medium and major impact event/activity approvals are subject to conditions outlined in schedule 1 of *SLL1.12* and *SLL1.14* which are acknowledged by the applicant at the point of application and later affirmed within the subsequent written notice of approval. Non-standard conditions may also be included within the notice where a delegated officer considers appropriate.

Approval for an event/activity that includes the installation of a temporary tent (marquee) that has a plan area more than $500m^2$ are conditional on a building permit from a Queensland licenced Building Certifier being obtained. A temporary tent (marquee) that has a plan area more than $100m^2$ but less than $500m^2$ must comply with the Queensland Development Code MP 3.2 - Tents.

As outlined in *SLL1.12* and *SLL1.14* the term of an approval including the term for which an approval may be renewed or extended are determined by a delegated officer having regard to the information submitted by the applicant. Approvals are not transferable.

5.3 Compliance

In accordance with *Local Law No. 1 (Administration) 2011*, a delegated officer may amend/suspend/cancel an approval where necessary (for example, if the applicant has failed to comply with the conditions of the approval).

Council may also undertake enforcement action if at any time, an authorised person considers a person is engaging in conduct that is, or is preparatory to, a contravention of a declared prohibited or restricted activity authorised by *Local Law No. 4* (*Local Government Controlled Areas, Facilities and Roads*) 2011.

5.4 Fees and Charges

Fees and charges relevant to each event/activity are in accordance with Council's adopted Fees and Charges Schedule for the current financial year. All fees and charges must be paid prior to the registration confirmation/approval being issued for the event/activity.

Reduced fees and charges for events/activities organised and operated by certain applicants (for example, LNFP fundraising community event) are detailed within the adopted Fees and Charges Schedule. Applicants must provide evidence where required (for example, proof of the organisation's not-for-profit status) to be eligible.

5.5 Security Bonds

As medium and major impact events/activities may result in damage to property and infrastructure, a delegated officer may, as a condition of approval, require the applicant to give reasonable security (which may include a deposit of money, a guarantee or an insurance bond) to ensure that the damage is made good.

5.6 Refunds

Application fees are not refundable. Refund of other fees and charges associated with an event/activity that does not proceed for reasons including, but not limited to adverse weather, sudden illness, or other factors outside of the control of the applicant are considered on a case-by-case basis and must be submitted in accordance with Council's Refund, Exemption and Reduction of Fees and Charges Policy.

5.7 Human Rights Considerations

The local laws to which this policy relates aim to regulate certain activities/events, including those that are open to the public, on Council controlled areas and roads. It does not impose restrictions or requirements on a person's right to assemble peacefully with others in such areas and the right to freedom of movement. This is consistent with the *Human Rights Act 2019*, specifically the right to peaceful assembly and freedom of association and the right to freedom of movement.

6 Review Timelines

This policy is reviewed when any of the following occur:

- (a) The related information is amended or replaced; or
- (b) Other circumstances as determined from time to time by the Deputy Chief Executive Officer.
