

Parking shown in this map is current as of July 2024 and is subject to change. This parking map is provided to give an indication of the types of parking available in different areas, however current on-street signage and line marking takes precedent over this map and drivers shall consult these before parking their vehicle. Council is not responsible for any parking infringements issued as a result of not observing the current signage and line marking in the CBD study area. This map indicates regulated parking in the CBD and Principal Centre, and does not include restrictions on other regulated parking areas within the region.
