Petition Details (Please outline the details and reasons for the petition)		
We, the undersigned, hereby respectfully request the Rockhampton Regional Council:		
1. To provide Safety initiatives in White/Knight Street such as: <ul style="list-style-type: none">- Concrete footpaths to provide safe passage for pedestrians. Currently no safe footpath exists, with pedestrians, including school children & mothers with prams, walking on the bitumen road into oncoming traffic. Neither are there currently any safety verges or bike tracks along the roadside.- A zebra crossing or similar across White Street and the railway line at Main and White St Intersection.- Installation of a speed limit sign and Blind curve mirror on White Street opposite Lauga Street		
2. White/Knight Street is a busy connector with very heavy traffic flows at school times including B-Doubles, Learner Truck Drivers, Concrete Trucks, Pink Liley Trucks, Ceva Car Carriage trucks etc, heightening great risk on Blind Curves.		
3. We respectfully additionally ask that council RE-Prioritise the delivery of these requests , committing to a delivery timeframe no less than one year, as this connector road is growing busier by the week.

Petition Details

We, the undersigned, hereby respectfully request the Rockhampton Regional Council:

1. To provide Safety initiatives in White/Knight Street such as:
 - Concrete footpaths to provide safe passage for pedestrians. Currently no safe footpath exists, with pedestrians, including school children & mothers with prams, walking on the bitumen road into oncoming traffic. Neither are there currently any safety verges or bike tracks along the roadside.
 - A zebra crossing or similar across White Street and the railway line at Main and White St Intersection.
 - Installation of a speed limit sign and Blind curve mirror on White Street opposite Lauga Street
2. White/Knight Street is a busy connector with very heavy traffic flows at school times including B-Doubles, Learner Truck Drivers, Concrete Trucks, Pink Liley Trucks, Ceva Car Carriage trucks etc, heightening great risk on Blind Curves.
3. We respectfully additionally ask that council RE-Prioritise the delivery of these requests, committing to a delivery timeframe no less than one year, as this connector road is growing busier by the week.
