

# HAND MADE PAPER-MAKING COURSE

using botanicals & recycled paper

Saturday Feb 15, 2025

Take a break this festive season and join me to make unique plant fibre paper, decorative paper using silk threads and dried flowers & embossed paper using textures. **Make Envelopes, Make cards that grow into flowers;** learn how to size paper for writing on. **I will also guide you through making your own couching (couching) board (necessary) to lay your papers over. You will take your couching board home so you can continue to make paper or share with your children and friends.**

**\*\*\*requirements: a blender.** (One between 2 or 3 is plenty. NB: Your kitchen blender can still be used for food after as we are not using any toxic chemicals or purchase one at Target, Kmart or Big W)

**\*\*\*Plus- find two old sheets or a doona cover** (Check out the second hand store) These will be used to couch your paper on to.
