ACS Rockhampton Chapter presents:

IOT INNOVATION AND THE POWER OF LORAWAN

Tapping into the power of LoRaWAN for IoT innovation, commercialisation and community. Join ACS Rockhampton as we explore the journey of Dylan Gannan, Tech Startup Entrepreneur and CQU Alumnus as he shares innovative solutions using LoRaWAN. This session will have broad appeal combining a local innovation success story with an opportunity to deep dive into creating IoT (Internet of Things) solutions with one of the leading worldwide “LoRaWAN Gurus”.
